

Summary

- Good progress in a couple of areas – others struggling
- Keeping to our brief to look beyond purely Neighbourhood Plan issues
- Local Plan close to adoption, so should get greater clarity on that soon
- Need more volunteers and engagement with wider community
- Huge thanks to all involved so far – all work has been done by volunteers working in their own time

What we are going to do next

- Next meeting in March/April will review sub-group structure
- Also exploring new ideas for community engagement
- Meetings and research will continue through 2019
- Too soon to set timeline for inspection and public referendum
- Consider whether we need to appoint any consultancy expertise
 - Neighbourhood Plans are subject to legal and planning scrutiny and inspection, so need to ensure that we get it right
